Subject: C-123 Modification

We have received the C-123 and have commenced the modification job previously discussed. We shall appreciate your confirmation of authorization to perform such work, and will inform you of the funding required when we are able to develop an intelligent estimate.

Will you also please confirm that Government-owned articles delivered to us for modification, repair or overhaul are Government-Furnished Property pursuant to the clause so entitled. This is simply in order to assure that the relief of liability provisions of that clause are applicable, and this clarification is requested in light of the fact that such clause defines Government-furnished property as "the property described in the Schedule or specifications".

Very truly yours,
